MESSAGE

I am happy to know that Messe Frankfurt India is going to organise 5th edition of Indian Bulk Liquid Storage Summit on "Port-Led Development" on 1st March, 2019 in Mumbai, Maharashtra.

The theme of the Summit is pivotal to the development under the Sagarmala Programme initiated by Ministry of Shipping. Messe Frankfurt is world's largest Tradeshow having global networking of subsidiaries all over the world. Messe Frankfurt India has been active in the Indian Market since 1991 having interaction with important sectors in Indian Industry.

I hope that this Summit would provide a platform to discuss and debate issues related to upliftment of infrastructure industry in India.

I convey my best wishes to all participants/stakeholders and am confident that the 5th edition of Indian Bulk Liquid Storage Summit will be a good success.
